

General Zoom Info & Tips

- Zoom has apps for macOS, Windows, and Linux available for download on the Zoom.us website (<https://zoom.us/download/>). iOS and Android apps are also available on the App Store/Google Play Store. **Zoom will work best if you keep it up to date to the latest version, available through the download link.**
- Please join the Zoom sessions with your full name.
- We recommend using headphones to reduce the chance of echo, feedback, or other audio issues.
- Zoom can be bandwidth and resource-intensive for your computer. For best performance, we recommend a wired connection, if possible, and running as few other concurrent applications as possible while participating.
- We encourage users to add a profile photo to their Zoom account so that it will show up when you are speaking without a camera on.
- Zoom has a great user guide and knowledge base available at <https://support.zoom.us/>.
